

**The southwest monsoon remains vigorous in Madhya Pradesh, Gujarat, Rajasthan**

**Monsoon rain across India has been above normal for the past 15 days**

**Overall, rainfall across the country has been 7% above normal since June 1**

**Torrential rainfall is likely in Gujarat & parts of Rajasthan**

After a brief lull, Mumbai will see showers again this week

Central Indian states will continue to experience heavy rainfall

Yesterday's hottest place in India was Tiruchirappalli in Tamil Nadu at 38.9°C

Rainfall in central India has been over 44% in excess so far this month

Rain clouds are likely to strengthen over east India this week

**Local Content to Go Up in Vande Bharat Trains**

Fresh tender likely to be floated within a week

Our Bureau

**New Delhi:** The government is looking to increase the indigenous content in procuring Vande Bharat train sets, fresh tender for which will be floated within a week.

Vande Bharat trains are semi high-speed trains designed and developed indigenously by Integral Coach Factory — Chennai. Two trains are already operational on the Delhi-Varanasi and Delhi-Katra routes.

“The indigenous content we are trying to increase, as part of Atmanirbhar Bharat (self-reliant India) initiative. We want to increase the indigenous content as much as possible,” VK Yadav, Chairman, Railway Board said on Sunday.

Yadav, however, did not indicate the extent to which the local content would be increased. The present level is 50%.

**Local Boost**

50% Present level of local content

Tender for 44 Vande Bharat train sets cancelled on Friday

Fresh tender within a week as per the Revised Public Procurement order

The fresh tender will have a provision for manufacturing at all three production units of the Railways — Integral Coach Factory, Modern Coach Factory, and the Rail Coach Factory.

The tender for procurement of 44 Vande Bharat train sets was cancelled on Friday, with the railway ministry saying that a fresh tender will be floated within a week as per the Revised Public Procurement (Preference to Make in India) order issued in June.

A senior official in the railway ministry, however, had said that the tender was cancelled to keep a Chinese company from bagging the order. Chinese state-owned company CRRC had bid last month. Yadav said the tender was cancelled because some companies had revealed their financial proposals in the technical bidding stage, and the technical committee recommended cancelling it to ensure a transparent tendering process.

“Somehow, some bidders revealed the details of their financial offer, I don’t know how,” Yadav said.

The names of these companies were not disclosed. The railway ministry has sought responses from these firms as to why details of their financial quotations were provided before it was warranted, following which, suitable action will be taken, Yadav said.

He added that the process could get delayed by three months because of the cancellation.

“End manufacturing time will be what we had earlier envisaged. We are going to make it up, whatever timeline we had set earlier, all our final delivery will be taking place in that timeline,” Yadav said.

The timeline for supply of these trains has been envisaged for financial year 2022 by the railway ministry.

**Soon, Household Survey to Capture Data of Migrants**

**LOCKDOWN IMPACT** Survey to focus on job, income loss suffered by workers after March 24

Yogima.Sharma @timesgroup.com

**New Delhi:** India will soon begin a nationwide exercise to enumerate migrant workers hit by the Covid-19 pandemic and resultant lockdown.

The move is aimed at creating a central data repository of migrant workers. The proposed household survey will focus on job and income loss suffered by the workers after March 24 when a nationwide lockdown was announced to contain the outbreak.

A top official told ET that the survey would be completed in 6-9 months and would provide a breakdown of age, gender and income loss suffered by the workers. Besides, it will also assess the sociological and psychological impact of job losses and lockdown on youth.

The survey will also take into account their movement back to industrial hubs to get a sense of the deficit in the Urban India workforce in the post-Covid-19 period, the official added.

**Counting Migrants**

**MOVE TO HELP GOVT COME UP WITH TARGETED INTERVENTIONS**

**CENTRAL DATA REPOSITORY**

Technical committee to approve parameters for household survey

Labour bureau to carry out survey

Data to be matched with the existing states’ data

**ROLE OF MGNREGS will also be measured**

**Survey results to be out in 6-9 months**

“It would also try to assess the role of the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) in helping

such households with additional income or not,” the official said.

The government is keen to extend some form of social security to unorganised workers, including migrants, but the absence of centralised data has been a major roadblock. Lack of data on migrant workers has been cited as the key reason why

the government had not unveiled an income support scheme in the Atmanirbhar Bharat (self-reliant India) package that had a ₹3 lakh crore credit guarantee scheme for micro, small and medium enterprises.

“I wish we had enough data to assess that and be able to assign something to them. The motive is not to exclude. Tell me, (does) anybody — Central and state governments, local bodies, universities, think tanks, institutions which monitor our economy — have a comprehensive database on migrant workers?” finance minister Nirmala Sitharaman had told ET in an interview on May 20 after announcing the relief package.

The one-time survey is expected to help in targeted interventions.

“This survey will help bridge the data gap to aid relevant policy interventions in future,” the official said. The labour bureau, which falls under the Ministry of Labour and Employment, has worked out the parameters and a technical committee will be set up to examine these as well as the period to be considered for arriving at the data.

**Company Incorporations Hit 7-Year High of 16,487 in July**

**BRIGHT SPOT** Filings for new registrations continue to rise in August

Gaurav.Noronha @timesgroup.com

**New Delhi:** In one of the clearest signs of a pick-up in business sentiment, company incorporations touched a seven-year high of 16,487 in July, or over 530 a day, according to data from the ministry of corporate affairs. The figure was a 50% increase from a year earlier.

Officials said filings for new company registrations continue to rise in August.

“This is not a declining trend. In August also, the filings are increasing, not only companies but LLPs also,” an official said.

Another senior government official said this clearly shows signs of a pick-up in business activity since the lockdown imposed

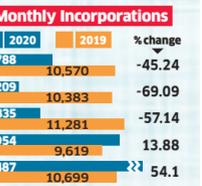

**In Good Company**

Company registrations hit 7-year high in July

16,487 companies incorporated in July

Sign of strong revival in business sentiment

Aug numbers likely to be higher

to curb the spread of Covid-19. New company registrations dropped to a low of 3,209 in April, the first full month of the lockdown, which started on March 25.

Company incorporations more than doubled to 10,954 in June from 4,835 in May. The increase was also due to initiatives such as the SPICE+ form for online name reservation

and company registration introduced in February via the MCA21 platform, the official said.

“There could also have been a backlog from April and May,” the official added.

It currently takes only one day to incorporate a company, provided all the documentation is in place, which is a global benchmark, according to the official.

On average, about 120,000 companies are registered with the ministry in a year.

**Chinese Solar Gear Price Rise to Hit Return on Projects**

Kaavya.Chandrasekaran @timesgroup.com

**Bengaluru:** Prices of Chinese solar modules have increased for the first time since 2017, making Indian developers apprehensive about returns on their projects because they import about 85% of the equipment from China.

Two unexpected events have led to the recent increase — an explosion and subsequent damage to the production line at GCL Poly, a Chinese giant that accounts for about 30% of the world’s poly-silicon production, and floods in

China’s southeast that forced temporary closure of another Chinese poly-silicon producing heavy-weight, Tongwei. These two developments disrupted the global solar module supply chain.

The cost of a single multi-crystalline solar module has gone up to over \$17 from \$16-16.5.

China’s southeast that forced temporary closure of another Chinese poly-silicon producing heavy-weight, Tongwei. These two developments disrupted the global solar module supply chain.

**‘Critical Road Infra to Put India on Par with US, UK’**

**New Delhi:** Focus on critical infrastructure building through an integrated approach, right from a number of strategic tunnels and bridges to 22 green expressways, is bound to place India in the league of advanced nations like the US, UK and Australia in the coming two years, union minister Nitin Gadkari has said. —PTI

**NOTICE**

(For attention of Equity Shareholders of United Breweries Limited)

**For Transfer of unpaid/unclaimed dividend and equity shares of the Company to Investor Education and Protection Fund (IEPF) Account**

This NOTICE is published pursuant to Rule 6(3)(a) of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Amendment Rules, 2017 (“the Rules”) read with Section 124(6) of the Companies Act, 2013 (“the Act”).

The Equity Shareholders of United Breweries Limited (“the Company”) are hereby informed that in accordance with the provisions of Section 124(6) of the Act read with Rule 6 of the Rules, all shares in respect of which unclaimed dividend has been transferred to Investor Education Protection Fund (“IEPF”) under the Act and the Rules and in respect of which any dividend warrant has not been encashed by the shareholder(s) during last seven consecutive years or more (relevant shares), shall be transferred and credited by the Company to the demat account of IEPF in the manner prescribed under the Rules.

The dividend for the financial year 2012-2013 (Dividend 2012-13) which remains unclaimed for a period of seven consecutive years or more as on October 16, 2020 will be transferred to IEPF. Further, shares held by the shareholders who have not encashed the dividend 2012-13, and who have not encashed any dividend warrant during last seven years, will also be transferred to IEPF under the Act and the Rules. Details of shareholders who have not claimed Dividend 2012-13 and shares held by them are available on the website of the Company viz., [www.unitedbreweries.com](http://www.unitedbreweries.com). The Company has also sent individual letters to the shareholders in this regard. All benefits accruing on such shares, if any, shall also be transferred to IEPF in compliance of the Rules. The shareholders may claim the shares transferred to IEPF along with benefits accrued thereon, from time to time, after following the procedure laid down in the Rules. Please note that no claim shall lie against the Company with respect to the unclaimed/unpaid dividends and share(s) transferred to the IEPF pursuant to the Rules.

In case the shares which are required to be transferred to IEPF are held in physical form, the Company would be issuing duplicate share certificate(s) for transferring to IEPF and upon issue of such duplicate share certificates, the original share certificate(s) will be deemed to be cancelled and non-negotiable. In case the shares are held in demat form, the Company shall inform the depository by way of corporate action, where the shareholders have their demat accounts, for transfer of shares to IEPF.

Details of shares to be transferred to IEPF will be placed on the website of the Company which should be considered as notice for issue of duplicate share certificate(s) that will be issued by the Company for the purpose of transfer of shares to IEPF and no separate notice will be issued in this regard.

For any clarification in this regard, the shareholders may write to the Company and its Registrar & Share Transfer Agent viz., Integrated Registry Management Services Private Limited, No. 30, Ramana Residency, 4th Cross, Sampige Road, Malleswaram, Bengaluru - 560 003; Telephone: +91-80-23460815 to 23460818, Email: [bg1sta@integratedindia.in](mailto:bg1sta@integratedindia.in).
